Our Strategy

PRESIDENT'S REPORT

David Robertson
President

I present this report on the 2009 year on behalf of the Board of Management of Gymnastics Queensland (GQ).

Firstly, I want to pay tribute to the late Frank Vig, the “father of Queensland gymnastics” who passed away on 29th December at the age of 94. Frank, not only as a Life Member of GQ, but as an extraordinary supporter of gymnastics, was a regular attendee at functions and events and took a great interest in all that was happening in gymnastics. He will be sadly missed.

Our membership in 2009 increased to a record high of 32,413—an increase of 6% over 2008. Technical membership increased from 803 in 2008 to 895 in 2009. Our continuing membership growth is a tribute to our Clubs and their hard work.

Gymnastics in Queensland has the third highest number of registered participants in junior females (behind netball and surfing) and the tenth highest for junior males.

Elsewhere in this report are details of our active and successful gymsports. These included 28 regional events, 10 state events, 77 education courses involving 1,122 participants, our annual Congress and a range of successful workshops and clinics.

My sincere thanks to all officials, volunteers and participants in the many and varied events that have been conducted under the GQ banner in the past year. In particular, I congratulate all athletes who have represented the State in various National events and Queensland athletes who represented Australia.

I acknowledge that it was a very difficult year for our High Performance Centre. Following a reduction in government funding for the Centre, the program was reviewed and there was an unsuccessful attempt to merge the WAG Program with the Moreton Bay College Program.

GQ appointed Vladimir Joura as the women’s Head Coach and Irinia Joura as the women’s senior coach late in 2009 and along with the work of Lacie Jones as Program Director, there will be a very bright future for the WAG program at the HPC.

The Board expresses its appreciation to the staff, parents and athletes who continued to show their support for the HPC during the difficult period of 2009. The Board is totally committed to maintaining and supporting our High Performance Program as a centre piece of our sport.

In addition to our “traditional” gymsport activities, GQ during 2009, in line with our Strategic Plan, played a strong role in the promotion of World Cup Cheerleading (WCC) and Activebods. This included the delivery of Activebods programs to 25,000 school children and a partnership with PCYC to deliver Activebods in remote Far North Queensland. Over 5,000 non-gymnastics members participated in cheerleading events during 2009.

During 2009, GQ delivered on a number of commitments including:

- The release of the Club Development Manual
- Club forums and improved communications to clubs
- The Graham Carey Foundation Coach Exchange Program
- A Foundation Coaching Course as part of the Target 1000 initiative
- Work on a new Constitution to be considered by the membership in the near future.

During 2009, the Crawford Report on Australian sport was released. This has generated a vigorous debate about the organisation and funding of sport in Australia—issues that will significantly impact upon GQ in the future. The Report advocates a stronger role for National Sporting Organisations—an issue that has been under serious consideration in terms of the position

of Gymnastics Australia and its relationship with its State/Territory Associations.

I want to thank my fellow Board Members for their commitment and dedication to the best interests of GQ. I also sincerely thank the work of our staff who often work under extreme pressures. I acknowledge individually and collectively the staff for the important and professional contribution they make to the work of GQ.

This will be my final report on behalf of GQ. In early 2010, GQ faced some very serious challenges resulting from a number of issues. With the resultant resignation of the Executive Director in March 2010, the Board took the opportunity to ensure that GQ is focused on serving the needs of its members and that its core business is at the forefront of all future activities.

Whilst serious challenges as faced in early 2010 are never easy to handle, I am confident that GQ will continue to be a vibrant and strong organisation in developing gymnastics across all of its gymsports into the future.

I wish the incoming President and Board and the membership all the best for the future.

2009 TEAM REPORTS

EVENTS REPORT

Kym Dowdell
Competition Events & Education Director

The introduction of the 2009 MAG and WAG Regional Challenge proved to be extremely well received by all those involved.

Once again the Queensland event team assisted Gymnastics Australia with the 2009 MAG and RG National Championships at the Sleeman Sport complex. For the second year in a row Queensland hosted the 2009 TRP National Club Championships.

The Event Team managed 10 National and Category 1 Events

Category	Event	Competitors	Technical Officials
1	TRP State Age and Open Championships	168	36
1	MAG, WAG, RG State, Championships	790	49, 60, 14

Without the support of our host clubs and our loyal volunteers Gymnastics Queensland would not be able to conduct such a vast number of successful events. The support from Caloundra Tourism and Sunshine Coast Council made it possible for GQ to continue with a major event outside of Brisbane metropolitan area.

GENERAL INFORMATION

2009 was a year of review & change for the QAS Gymnastics program. Structural changes within QAS saw the entire program move under Gymnastics Queensland management with financial support contributed by QAS to ensure the program maintains both the International competition and development programs that currently function.

The Gymnastics Queensland review was extensive with a number of alternatives considered to ensure future viability of the program whilst improving the quality & effectiveness of Queensland's High Performance program for both Men's & Women's Gymnastics.

MEN'S GYMNASTICS

The Men's program saw a number of senior retirements with Mathew Curtis & Michael Donnet both retiring from the competitive side of the sport; both Mathew & Michael continue their involvement with Men's Gymnastics through coaching roles at Robertson & Lawnton respectively.

MEN'S GYMNASTICS

Sam Simpson continued to substantiate his position on the Men's National Team being selected to compete on Floor & Pommels at the London World Championships. Sam was also selected to compete in the Valeri Liukin Invitational in Plano, Texas USA as part of his preparation for 2010 Commonwealth Games & World Championships. Sam placed 2nd All Around at the Australian Championships.

Thomas Pichler spent most of 2009 rehabilitating a knee re-construction & returned to full training late in the year. Thomas is looking forward to returning to competition at the international level in 2010.

The junior Men's program continues to thrive with a high quality group of boys in the program performing well at National Championships with a number of gymnasts amongst the medals & named to National Squads. The future looks bright with a number of these gymnasts ready to move into National Team contention in the next few years

The Men's program is privileged to welcome Naoya Tsukahara (son of Japanese legend Mitsuo Tsukahara) as a member of the training squad from February 2009. Naoya is an extremely successful gymnast in his own right placing in the top three All Around at World Championships in 1997 & 1999, representing Japan at three Olympic Games & winning a gold medal as part of the Japanese team in Athens, 2004. His presence in the gym is a great benefit to gymnasts & coaches alike. Naoya plans to continue training in Brisbane at QAS Gymnastics with several return trips home to Tokyo throughout the year for various competitions.

The Men's program also hosted Indian gymnast Ajinkya Keskar as a visiting athlete throughout 2009 as he prepared for 2010 Commonwealth Games whilst studying human Movement in Brisbane. Two of Ajinkya's team mates, Sourabh Kokate & Tejas Bendre, also spent two months training in the QAS Men's Gymnastics program towards the latter part of the year.

WOMEN'S GYMNASTICS

The Women's program was disrupted by a couple of staff changes during the year; however, the appointment of Vladimir Joura as Head Coach & his wife Irina as Senior Female Coach late in the year augers well for the future of the program. Vladimir Zakharov continues to produce a high standard of work with his gymnasts, providing a very strong group of gymnasts for the future. Lin Hong was a tremendous help to the Women's program in the latter stages of the year, filling in whenever possible & doing a great job with the girls.

The program is already showing pleasing signs with the new direction & discipline brought into the program by Vladimir & Irina; the gymnasts are enjoying the new challenges presented to them & we look forward to our

WOMEN'S GYMNASTICS

gymnasts once again performing at a level that will see them as strong contributors to the National Team internationally.

Notable performances at the 2009 Australian Championships included:

- IDP 6 – Tamika Jones (1st AA); Eden Tarvit (2nd AA)
- IDP 8 – Brittany Boffo (1st AA)

ATHLETE NUMBERS

A total of 70 gymnasts trained at the QAS / Gymnastics Queensland State Training Centre as members of the QAS Gymnastics program during 2009.

KEY STAKEHOLDERS

The Queensland Academy of Sport (QAS) continued its valued support of the program in 2009, although the structure altered & Gymnastics Queensland assumes full control of the program with financial support provided by QAS. The QAS Gymnastics program underwent significant change during 2009 and will implement a new scholarship program in 2010 following an extensive review by GQ Management.

Within the Gymnastics Australia structure, QAS Gymnastics program is the nationally recognised core international program in Queensland, and the only state based program in Australia to have core program status for both MAG and WAG. This core program status is based on the program achieving and maintaining results that underpin and contribute to the National Team.

Without the support of Gymnastics Queensland, the QAS Gymnastics Program could not exist. GQ provides support for athletes, coaching staff, venue lease and maintenance, suitable equipment, mini buses and administrative support.

KEY COMPETITIVE RESULTS

The London World Championships in October was the key competitive event for 2009 with Sam Simpson representing Australia on two events: Floor & Pommels. Sam's performance was admirable successfully completing both routines without any major falls although well short of qualifying for the finals which were of an extremely high standard on all events.

Karina Brooks was selected to represent Australia at the Australian Youth Olympic Festival in January 2009 but unfortunately suffered an injury to her foot & was unable to complete the competition.

Naoya Tsukahara won the Australian Championships All Around title (non-resident) with an outstanding performance also winning gold medals on Pommels, Parallel Bars & High Bar. Sam Simpson placed 2nd All Around (residential) at the Australian Championships for the fifth consecutive year

KEY COMPETITIVE RESULTS

finishing runner-up to Sam Offord (SASI). Sam was crowned Australian Champion on Floor for the second year in succession.

Junior athletes from the QAS Gymnastics program continued to impress at a National level winning numerous titles at the Australian Championships:

ACTIVEBODS REPORT

Lia Weston

Activebods Resource Development Manager

2009 ACTIVEBODS PROGRAM IMPLEMENTATION AND BOOKINGS

Gold Coast Project

In the year 2009/10 Activebods Gymnastics 'Experience Sessions' were made available FREE to Gold Coast students due to the vital funding being provided by the Australian Government's Department of Health & Ageing through their "Healthy Active Australian Communities and Schools Grants Program"(HAACS).

After Hours School Care (AASC)

In 2009 Activebods Gymnastics and Activebods Cheer & Dance were also delivered to 15 schools as part of the AASC Programs. A total of 375 students participated in these Activebods AASC Program sessions. Our Activebods Development Officer managed the Coach and Equipment bookings.

Club Delivery

Five schools with a total of 165 students participated in activebods Gymnastics and Activebods Cheer & Dance lessons and programs. Mitchelton, Club Dynamite and Splitz club delivered these lessons and organized the logistics of coaches and equipment. Our Activebods Development Officer managed the school bookings only.

RESOURCE DEVELOPMENT PROGRESS

Activebods Gymnastics and Activebods Cheer & Dance introduced a Level 0 curriculum to its program.

The Activebods resources were re-branded and packaged together as activebods Gymnastics and activebods Cheer & Dance Resource Kits, Which includes :

- User's Guide, detailing how to use the Resource Kit and 'Best Teaching/Coaching Practices. The

RESOURCE DEVELOPMENT PROGRESS

User Guide also highlighted links to the Queensland Education Syllabus—Essential Learnings, as well as a Levels Overview, correlating with Activebods Levels system/Grade Level at school and Age appropriateness and provides nutrition facts, advice and information.

- Coach's Kit—Including information and tools a Teacher/Coach needs to facilitate an Activebods lesson.
- Lesson Plans—including Dance Sheets, Generic Warm-up and Cool Down Sheets, Music CD, Training DVD's. All of the training DVD's were re-filmed and re-branded in Brisbane and Townsville and were reproduced by the film company Comm23.
- In 2009 all the resources illustrations were upgraded into cartoon characters, which were colour coded and gender mixed as well as a mixture of different age levels and race. Each feature of the Illustration corresponds with an Activebods level.

Re-Branding—2009 has seen Activebods transform its image visually with the process of re-branding. The facelift has insured a consistency of the Activebods brand across all media including broadcast, web, promotions and advertising.

It is believed that by consistently expressing the Activebods visual identity it will build a strong brand awareness allowing Activebods to become a marketplace leader.

There have been guidelines set for the most effective expression of the Activebods brand.

REPRESENTATIONS PRESENTATIONS

Activebods was represented on many occasions, including the 2009 ACHPER International Conference, the Q150 Community Sports Symposium at Parliament House, ACHPER QLD Teacher Workshops in South East Queensland and the ACHPER North Queensland Health and Physical Education Conference.

GRANTS AND SUBMISSIONS

In 2009 a linked submission between Activebods and ACHPER QLD was submitted to the Social Development Committee for the Inquiry into Obesity.

ACHPER/ACTIVEBODS PARTNERSHIP

Throughout 2009 Activebods and ACHPER QLD have endeavored to form a strong partnership together in combating childhood Obesity and Childhood Physical Inactivity.

TAKE 30 RE-BRANDING AND ADDITIONS

The Activebods Take 30 Resource was also re-branded an many additions were made to the Resource Kit, including the addition of a Aerobics Cool Down, Classroom Based Energisers, Cool Down Activities and a Curriculum Guidelines Table which links to Queensland Education Syllabus – Essential Learnings. All the footage from the Instructional DVD were re-filmed and re-produced and re-branded.

STAFF CHANGES

Lia Weston commenced employment with Activebods in early January 2009 - Replacing Allison Williamson's role as Resource Development Manager.

Gymnastics Queensland/Activebods Foundations Course—Activebods has continued its partnership with Gymnastics Queensland and has aided in the development of the Gymnastics Foundations Course for beginner Coaches and Teachers alike.

Gymnastics Australia
Women's Artistic Gymnastics

Queensland has had notable success on a National and International Level from our Coaches, Judges, Athletes and Programs during 2009. I would like to congratulate this year and encourage everyone to keep up the hard work and keep displaying that passion that makes Gymnastics in Queensland successful.

WOMEN'S GYMNASTICS REPORT

Debbie Smith
WAG SMC Chair

2010 will see in the introduction of the new Level1–10 Program for our state and we hope this will be an easy transition for all clubs. We look forward to a revitalized State Squad Program and a new direction for our High Performance Centre. We are lucky to have Lacie Jones heading up these programs and we look forward to her working with

all the coaches, judges and athletes in our state in the next year.

I would encourage all technical members in our state to continue to provide feedback at our forums, technical meetings and to our state association so we can continue to grow and service the needs of our members.

Queensland Club Championships:

Once again Caloundra was host to the championships and proved to be a well run event, thanks to our hard working event staff. The number of competitors was down by 23 on last year, which is not alarming but given the numbers below this event has grown over the last 5 years. We would like to encourage every club in Queensland to make this the premier team event for the competitive calendar, so it can grow into an even bigger event in the future.

Top 5 Clubs for 2009 are:

- Delta Gymnastics
- Delta St Hildas Southport Gymnastics
- Splitz Gym
- Maroochy Beach Gymnastics
- Gold Coast Gymnastics Club

I would like to take the opportunity to thank the members that make up WAG SMC for their contribution throughout the year and their commitment to the sport that we all love.

We look forward to 2010 with enthusiasm and trust we can work together to have a successful year in our individual programs and also strive together to make gymnastics in Queensland stronger. Thank you for your support in 2009.

MEN'S GYMNASTICS REPORT

2009 saw the introduction of some new concepts to the MG competition season. Levels 1 and 2 can now be assessed within clubs by qualified judges and/or coaches. It is hoped that this will help small clubs and clubs in remote areas to introduce the National Program pathway to their gymnasts without the need for travelling long distances to invitational events. A change to the qualification process for State Championships (now based on score rather than rank) was well received by the community and allowed gymnasts in regional areas to prepare for State Championships much earlier than past years. The addition of the Regional Challenge was also well received and was run as a very successful addition to State Championships.

Mathew Curtis announced his retirement from competitive gymnastics following competing at the Alexander Dityatin Cup and Moscow World Stars in May. While it was sad to see such a talented gymnast exit at such an early age, I look forward to seeing Mathew's continued involvement through coaching at Robertson Gymnastics Club. In 2009 we also welcomed back Niall O'Leary (Allstars) and Matthew Hodgson-Van Daal (GCGC) who have rejoined the sport and taken up coaching positions at their respective clubs. With more experienced gymnasts taking up coaching roles I'm sure we can expect to see improved results in future years.

Andrew Cordery
MAG Technical Chair

MAG Sports Management Committee

The MG SMC for 2009 was:

Technical Chair	Andrew Cordery
QAS Representative	John Curtin
State Judging Coordinator	Trent Lawrie
Regional General Members	Jamie Cannon and Grant Onions
Metropolitan General Members	Brett Wood and Ashley Druve

Brett Wood and Ashley Druve announced they would not be nominating to continue their positions in 2010. I would like to thank Brett and Ashley for their contribution to the committee and wish them every success with their clubs for 2010.

Competitions

Regional Championships were conducted for FNQ/NQ, CQ, BN/SSC, and BS/SEC/DD. It was refreshing to see a change of host clubs for these events and I thank the hosts for their efforts (Barron Valley Gymnastics Club—FNQ/NQ, Victoria Park Gymnastics and Trampoline Club—CQ, Brisbane Grammar School Gymnastics Club—BN/SSC, Spltiz—BS/SEC/DD).

National Championships for Level 6—10 were combined in one event this year conducted at the Sleeman Centre, Chandler in early July. Queensland fielded teams in all divisions this year and won team gold in Level 7u13, Level 7 open, Level 9u17 and Level 9 open. Congratulations to Victoria for winning the Cheales/Williamson Shield for 2009; Queensland was 2nd in the overall point score.

The Queensland Club Championships and Sunshine Team Challenge were held in September at the Caloundra Sports Centre. In 2009 we had 15 local clubs and 2 interstate clubs competing. With the awards for both events coming from a single round of competition, the presentation ceremony was a little confusing.

A list of State and National event results has been attached (see Appendix A).

Club Survey

The MG SMC conducted a club survey at the end of the year. Results from this survey will help guide the SMC throughout 2010 and beyond. Key projects for the MG SMC in 2010 should include:

- Increased SMC involvement in clubs
- Improving the education of Coaches and Judges (particularly in regional areas) by providing more opportunities to attend workshops;
- Increased marketing of Men's mnaastics to the broader community
- Continuing to provide competitive opportunities for gymnasts at club, regional and state level
- Encourage and support the development of a cohesive State-wide system

RHYTHMIC GYMNASTICS REPORT

Jenny Whitworth
RG SMC Chairperson

In 2009 there were many hurdles to face during our competitive season. Although at times situations arose that proved to be difficult, the committee rose above these and were able to make our competitive season a success. I wish to thank all member of the SMC for their input and expertise during 2009.

In 2009 the major competitive highlight for the year was representation of Danielle Prince at the World Championships. Danielle represented Australia well at her first major championship. Congratulations to Danielle and her coach Gina Peluso.

EDUCATION COACHES & JUDGES

In 2009 opportunities were limited for Coaches and Judges up-dating. However we were successful in running 5 workshops at Congress 2009 with good attendance ranging from 6-15 per session. Two Coaches Courses were also run during the year with 4 Queensland attendees. However to date we only have 1 completed course applicant.

An Advanced Judge course was also held to up-grade our judges for 2009. There were 5 candidates who attended this course. During the course of the year there was a lot of work behind the scenes on the new

NPM manual. I wish to thank Vanessa Polglaise-Beck for her commitment to this on-going project, representing our state with suggestions that were collated from our clubs and SMC Meetings. This resulted in the changes that took affect in 2009 with our Level 7-10 program and groups and soon to be released Level 1- 6 requirements for 2010 onwards.

In March of 2009 a workshop was conducted in the Central Coast region for Yeppoon and Gladstone Gymnastics. The committee would like to thank Edith Peluso for her time and follow up on assisting our regional areas.

Also this year the committee worked together to put a Level 1-3 State Compulsory manual together. The purpose of this resource was to make RG easier for any club to include in its Level 1-3 Program and increase participation. With the release of this at Congress we hope there will be further interest in our lower level events.

In 2009 four judges represented Queensland at the Australian Championships in Brisbane; Maxeen Davenport, Vanessa Polglaise-Beck, Meryl Papas & Anna Munro. Thank you to our judges who supported our athletes in 2009 and a special mention to Anna Munro who attended these Nationals for the first time.

EVENTS/COMPETITIONS

LEVEL 1-3 EVENTS

In 2009 our Level 1-3 competitions were moved to 4th Term due to our judge's re-accreditation. Unfortunately only two clubs attended this event which was very disappointing. It is vital for our sport to have successful lower level events, something clubs need to concentrate more on in the future.

SERIES TRIALS

Our Level 4-10/Elite trials were held at MBC. Due to the increased numbers these events were run over two days once again. It is fantastic to see more numbers involved and we look forward to seeing our regional clubs competing in this event in 2010.

SENIOR STATE TITLES

State Championships was a combined Level 4-10 & Elite event in 2009 with MAG and WAG at Chandler running over 4 days. We were delighted to have interstate competitors join us from NSW and also from New Zealand. The event ran smoothly and to time. Thank you to all the clubs who assisted us with volunteers, it was greatly appreciated.

Queensland embraced the introduction of Senior, Junior & Sub Junior Groups at our State and National Championships. There were 6 groups from 3 different clubs competing across the divisions. 3 Sub-Junior, 2 Junior and 1 Senior Group. All Groups were very successful at Nationals in 2009, further results later in this report.

NATIONALS 2009

Nationals 2009 was once again a most successful event for our Queensland athletes.

Two Individual National Champions and 3 Group Champions– Ashleigh Roper Level 7, Georgia Pase Level 8 & the 3 groups champions in Sub-Junior, Junior and Senior from QRG

The committee wishes to thank the clubs and SMC members for their assistance in the running of this event. Chandler was not the most ideal venue to host this event, particularly with the introduction of groups for the first time. However we were able to accommodate most needs to ensure that gymnasts received adequate training and warm-up times.

A special thank you to Moreton Bay College who offered their gym to the Queensland Team. This venue was close and convenient and we were quite spoilt having our own training venue. Thank you to Edith Peluso who opened and closed the venue each day for our team.

Also thank you to Splitz Gym for offering their gym everyday for the whole event for travelling state teams to train.

INTERNATIONAL RESULTS

Danielle Prince – as mentioned earlier competed at her first World Championships. We wish to congratulate Danni on representing her country well.

INTERNATIONAL RESULTS

Keziah Oliver from QRG travelled to the Danube Cup and the World Cup in Slovenia in 2009. Keziah placed 14th AA at the Danube Cup and 27th AA at the World Cup in Slovenia.

The QRG group also travelled overseas and competed in the Baltic Cup placing 6th AA in Competition 1 and 5th AA in Competition 2.

In 2009 2 gymnasts were selected from each level to represent Australia at the New Zealand National Championships. Congratulations to Georgia Pase & Kristin Harley who were selected on the Australian Levels Team to compete in New Zealand. Results from this competition were – Georgia Pase Level 8 – Overall Champion and 1st place on all 4 apparatus.

Kristin Harley Level 10 – 4th Overall and 3rd on Rope

STATE CLUBS CHAMPIONSHIPS

Our State Club Championships were held on one day at the Caloundra Sports Stadium. Numbers of gymnasts were well represented from all clubs. Once music was organised on the day the competition ran well. The only hiccup was having to wait for presentations for WAG. The SMC in conjunction with GQ will endeavour to rectify this in 2010 so there are little interruptions to our competition format.

Congratulations to the Overall RG State Club Champions – Elite RG

MEMBERSHIP

Our numbers in our sport have decreased once again in 2009. We ask that clubs continually strive towards higher numbers at the lower end of our sport. We continually have to think of our future and viability as a sport and ensure that there is a steady growth. We hope to encourage more clubs to take Rhythmic Gymnastics on as part of their programs with the introduction for the State Compulsory Level 1-3 Program.

In 2009 we welcome new clubs from Logan PCYC and also Yeppoon.

Statistics for membership in Rhythmic 2006 - 2009 are as follows-

Judges	14	38	18	22

SUMMARY

This will be my last year in the position of Chair of SMC. Due to many health issues I have decided to step down from position to devote more time for myself and family.

I wish the RG community all the best for the coming year.

SPORT AEROBICS REPORT

AER SMC

In 2009, Qld. staged three Regional Events as well as the State Championships with 127 athletes at the first event, then 232, then 382 & and 398 athletes entered at States. This number included AEROSkools athletes and we also had athletes from New Zealand & New South Wales clubs participated at some of our competitions. Several new clubs also came on board in 2009 and participated in our events.

Results from our International Athletes included Martin Warren competing in the Senior Division for the first time at Suzuki World Cup and was placed in 6th position. Darcy Cusack and Lauren Cameron competed at New Zealand National Championships with Lauren placing 1st in the Junior A Division and Darcy placing 5th in the Junior International Division.

The Auscheer event was held at the Sleeman Sports Complex in July, with a number of medals being awarded to Queensland athletes. A State Team of 77 athletes represented Queensland winning 17 Gold medals, 13

Silver and 7 Bronze—which were awarded to Individuals and Teams.

One athlete was selected into the 2009—2010 National Squad and 5 athletes were selected in the 2009—2010 National Development Squad.

The State Squad Program was commenced in 2009 with a total of 18 athletes. Two Clinics were held with the view to three clinics being held in the future.

An athletes and coaches workshop was held in June with good attendance numbers and was well represented. Updating courses for Technical Members were held throughout the year.

We would like to thank the SMC for their participation in 2009 and for being actively involved and for all their hard work and growth of Sport Aerobics within QLD.

TRAMPOLINE SPORTS REPORT

Kerry M Smyth
TRP SMC Chairperson

Gymnastics Australia
Trampoline Sports

The Trampoline Sports Management Committee for 2009 enjoyed the roles and responsibilities with the support of its community and the GQ staff and management. Your co operation and assistance throughout the year was well and truly appreciated.

As 2009 was the first year of the current Olympic Cycle, we awaited the direction of our GA TRP Commission for the introduction of new FIG competition rules, GA TRP Competition regulations and coach / judge educational resources. As information or resources became available GQ distributed or implemented them accordingly.

Our SMC became active communicators within our community through **E News** and replying to emails. E News was regular in

the first half of 2009 and will be re-introduced for 2010 as a monthly line of communication with our community of clubs and technical members.

Each year the SMC review our Competition Regulations handbook. Once again in 2009, we took the hard line of continuing with the elevated qualifying scores for selection into the Queensland team for Nationals. Our team's performances would indicate that the elevated scores are having the desired affect and Queensland is developing a strong base for the future.

Competition Regulations handbook and **PAS** handbook are great coaching and administration resources. Coaches and Club Administrators need to refer to it more frequently and use its resources more effectively. Quite a number of special requests were made throughout the competitive season, both time consuming and policy challenging as a result of these two handbooks not being used efficiently.

Quite a lot of background work was undertaken to establish a **State Squad** for 2009 which included interstate presenters for coaching, venue and equipment hire, squad criteria for selection and invitations to clubs. Clubs did not respond favorably to participation, so without the support of clubs, coaches and trampolinist's this special initiative for 2009 was cancelled. To be revisited and possibly reintroduced 2010-2012.

GQ sanctioned the convening of several regional competitive opportunities for qualifying for the 2009 State Team, as well as the State Age & Open Championships and State Levels Championships. All events were well attended by competitors, coaches and competition officials.

Results have been available on the GQ website. GQ Annual awards to be presented at the State Championships were awarded to:

GQ TRP Junior Athlete of the Year Riley Glazebrook
GQ TRP Senior Athlete of the Year Jarrod Spear
GQ TRP Judge of the Year Mike Kelso

GQ TRP Coach of the Year Kerry Smyth
Frank Vig Award recipient Kelsie Henry

Volunteers for the convening of these events were once again outstanding in their generosity for sharing their expertise and giving of their time. Without these volunteers our competitions would not be possible—thank you is hardly enough recognition. **THANK YOU ALL!!!**

Culmination of 2009 Competitive season for Queensland was the **National Championships** in Adelaide. The SMC with the guidance of GQ, co ordinated our State teams involvement in this event. The team was managed by a group of experienced officials who all worked productively to assist all trampolinist's to peak performance in the competition arena. Obviously each year, we learn a little more and next year proves to benefit from the last.

Queensland was very successful with many individual national champions as well as interstate teams event trophy wins—individual trampoline, double mini trampoline & synchronized trampoline. **Congratulations all!!!**

Queensland based trampolinists, coaches & judges represented Australia at the 2009 World Championships & Age group competition in St Petersburg, Russia. Stepping up from age group into the WORLD OPEN arena is quite a daunting task—taking it in his stride and soaking up the experience was Queensland's Reece Thompson. Well earnt achievements—silver medalists Riley Glazebrook & Patrick Cooper, bronze medalist Killilipi O'Donohue-Scarce, finalists Kaitlyn Duignan and Lara Eden. **Competitive excellence!!!**

I look forward to serving our trampoline community to achieve greater heights in 2010. Thank you to my fellow SMC members, for your past effort & contribution to the advancement of trampolining in the sporting arena.

The SMC met every 6 weeks throughout the year, mostly through telelink. SMC members represented most competitive clubs. This increased level of involvement in the SMC has assisted the sharing of responsibility of the running of the discipline.

Competitions:

In 2009 Queensland had three qualifying events in the south-east with the 3rd split over two venues, one qualifying event in Central Queensland, State Championships and Queensland Cup. Further, Emerald Gymnastics Club hosted an invitational competition that was sanctioned by the SMC and scored accepted for intake into State Championships. All competitions were run with expertise and precision, with competitions running to schedule.

We had record numbers of entrants into these competitions hence the 3rd qualifier having to be split across two venues. This was less than ideal from a judging perspective, however, allowed all athletes who entered to compete in a timely manner and lowered 'wait' times between warm up and competition. Thankyou to Beenleigh PCYC, Mitchelton Youth Club, Zeles Gymnastics Club and Emerald Gymnastics Club for hosting the Qualifier Competitions for 2009.

State Championships was held at Brisbane Boys Grammar School and hosted by Gymnastic Queensland. This venue proved excellent for competitors with a great atmosphere. However, the atmosphere for spectators was a little over-

crowded. State Championships saw over 100 acrobats compete in levels 1-3 and over 142 acrobats compete in levels 4-10 and international divisions. The competition was held over 2 days, with a late start on the first day.

Queensland Cup was held at first-time ACR club, Sandgate PCYC and organised by Tamara Henson (formally of Revolution Gymsport, Gladstone). This venue proved to be excellent for both athletes and spectators alike for this level of competition. Entries were down for this competition, compared to previous years due to the change of placement in the competition calendar. As QLD Cup followed State Championships it was used as another 'intake' into the State Team. Further, many clubs entered groups and pairs who had formed during the competition season and they competed for the 1st time. The cup was won by Robertson Gymnastics, with Mitchelton Youth club in close 2nd and Emerald Gymnastics 3rd.

National Championships 2009 was held at the AIS in Canberra for the 2nd consecutive year. Queensland took away the largest team ever, with 113 athletes forming the State Team. The team stayed at the AIS residences which was ideal.

Medal Results @ Australian Championships 2009:

Level 4 W2 – Silver & Bronze	Level 8 WG – Gold
Level 4 WG – Gold	Level 9 M2 – Gold
Level 5 M2 – Silver	Level 9 WG – Gold & Silver
Level 5 MXP- Bronze	12-19 WG – Silver & Bronze
Level 5 W2 – Silver	Senior MXP – Gold
Level 7 WG – Silver	Senior WG - Bronze
Level 8 W2 – Silver	

Competing Clubs:

Robertson Gymnastics Club
Robertson Gymnastics Academy
Mitchelton Youth Club
Ferry Hills Gymnastics
Zeles Gymnastics Club
Emerald Gymnastics Club
Sandgate PCYC
Logan PCYC
Beenleigh PCYC
Super Performance Centre
Revolution Gymsports, Gladstone
TumbleTown Gymnastics

Judging:

2009 saw a new set of rules handed down from FIG, including a new code of points and new tables of difficulty. Internally, Australia also launched a new manual for levels 4-10. As such, there was need for courses on the new material and upgrades of accreditations for all judges.

In April 2009, Yuriy Stepchenkov, Catherine Sharwood and Adrian Buck (observer) attended the 2009–2012 FIG intercontinental judging course in Melbourne. The course was presented by President of the FIG ACR technical committee, Tonya Case. Both Yuriy and Catherine passed all exams and successfully retained their FIG accreditation for the new cycle.

2008 Awards:

Coach of the year 2008: Farkas Pungur, Mitchelton Youth Club

Judge of the year 2008: Scott Gourlay, Robertson Gymnastics Academy

Club of the year 2008: Emerald Gymnastics and Trampoline Club

Barry Martin Award: Andrea Rich, Emerald Gymnastics and Trampoline Club

Junior Acrobat of the year: Emy Nelson, Robertson Gymnastics Academy

National Awards: Emily Shaw, Jessica Saunders, Marni Forde-Sloan, Robertson Gymnastics Club.

International Acrobats of the year: Elizabeth Jacobs, Amy Lang, Toni Cartwright, Mitchelton Youth Club

Every QLD judge attended a judging update that was run prior to both Qualifier 1 and 2, consisting of a 1 hours overview of the significant changes. This educated the judges enough to begin judging on the new cycle within the state. Following this, all level 2+ judges had to attend a formal course to re-accredit on the 2009-2012 cycle prior to National Championships. In addition to this, Gymnastics Australia changed their education platform, and re-invented and re-branded all of their courses. The QLD State Judging Coordinator, Catherine Sharwood was heavily involved in this process, judging over 100 routines and creating course material for them. Following this, Catherine Sharwood then facilitated the following new courses: Intermediate Course, Intermediate Bronze course, Advanced course and Advanced Silver Course in 2009. All candidates passed their courses and many upgraded to their next level of judging. Currently QLD has 18 judges for ACR.

Coaching:

Catherine Sharwood facilitated the ACR component of 1 coaching course in 2009, where over 15 participants attended. These participants came from both existing clubs who were sending former and current acrobats but also coaches from other gymsports who were from clubs not currently competing in ACR. Hopefully we will see some growth from this course in 2010 competition season.

TREASURER'S REPORT

Jason Evans
Treasurer

For the year ended 31 December 2009, GQ recorded an operating surplus of \$79,688 (compared to \$86,713 in 2008, \$93,626 in 2007 and \$37,629 in 2006) thus consolidating our financial position and balancing the fluctuations in the operating position which have occurred in the past.

The Queensland Government through the departments of Sport and Recreation Queensland and Queensland Academy of Sport continued to support Gymnastics Queensland, and we are extremely grateful for the partnership with both government areas.

Total revenue received in 2009 was just over \$2.725 million, predominantly made up of \$939,000 from Events and Education; \$524,000 from the High Performance Centre, which includes \$150,000 funding from Queensland Academy of Sport; \$670,000 from Affiliation Fees and \$340,000 funding from Sport and Recreation Queensland. Income in 2009 reflected an increase of 10% over 2008.

In 2009 expenditure amounted to \$2.645 million, including \$955,000 on Events and Education; \$556,000 on the High Performance Centre and \$1.134 million on Administration and Service expenses.

As can be seen from the Balance Sheet, GQ has retained earnings of \$363,063, which has increased by 28% from 2008. Despite an overall increase in the balance of receivables at the end of 2009, GQ has significantly

improved its overall collection of overdue amounts (an improvement of approximately \$85,000). During the previous two financial years, GQ has assisted World Cup Cheerleading achieve its short term growth objectives, in particular by assisting with working capital needs. This resulted in a balance owing and forming part of the receivables balance in the amount of \$190,000 as at 31 December 2009 (2008 : \$65,000). As WCC consolidates its growth plans during the 2010, and 2011 years, this amount will be repaid to GQ. From 1 March 2010, WCC became financially and operationally independent of GQ.

Subsequent to the end of the 2009 year (effective 1 January 2010), the Board of Activebods agreed to transfer / assign the equipment, intellectual property, resource kits and syllabus of the Activebods program to GQ for an amount equal to the loan balance as at 31 December 2009. This will enable GQ to better control the cost structure of the Activebods program, as well as more effectively utilise the program for the benefit of clubs / members within the GQ group. The assets acquired will be amortised over their future useful lives to GQ, expected to be approximately 10 years. The Activebods entities will then be wound up. GQ is currently developing a business plan with an objective of matching the Activebods offering with an appropriate and sustainable revenue and cost structure. This business plan, along with a greater alignment to the needs of our members and core gymnastics programs, should result in greater transparency and return from our Activebods investment.

During the 2009 year, GQ received the final payment under the three year Government funding cycle. These funds are again reported as unearned income as at 31 December 2009. GQ is currently in the process of application for the next round of funding, which closes in July 2010. The outcome of the application process will not be known by GQ until October 2010. Due to the level of financial dependency on Government funding, the Directors considered it prudent to make mention of this fact, as disclosed in Note 1(g) to the financial statements.

At this stage, the Directors are confident of ongoing financial support by Government.

As outlined in the President's report, the resignation of the Executive Director has placed some additional financial workload on various staff members within GQ. I appreciate the assistance provided by staff thus far, and the inroads made into achieving a greater level of control and review processes are encouraging. Subsequent to year end, a complete review of staff needs and salary arrangements has been performed and completed. All staff have been provided with updated employment agreements. Since the resignation of the ED, the Board has been directly reviewing and authorising all payments and approving all financial decisions required by GQ. Over time, and on appointment of a new Executive Officer, appropriate delegated authority arrangements will be re-established.

Additionally, the Board has been investigating a number of transactions and financial arrangements which are the subject of ongoing attention / review by the Board. The Finance Sub-Committee will meet regularly during the 2010 year to ensure a greater level of transparency and accountability of financial matters within GQ.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2009

1 Statement of significant accounting policies

The financial report is a special purpose financial report that has been prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act (Qld). The board of management has determined that the Association is not a reporting entity.

The financial report has been prepared on an accruals basis and is based on historic costs and does not take into account changing money values or, except where specifically stated, current valuations of non-current assets.

The following significant accounting policies, which are consistent with the previous period unless otherwise stated, have been adopted in the preparation of this financial report.

a. Income Tax

No provision for income tax has been raised as the Association operates solely as a non-profit, sporting organisation and accordingly is exempt from income tax under Section 50-10 of the Income Tax Assessment Act 1997.

b. Property Plant and Equipment

Each class of property, plant and equipment is carried at cost or fair value less, where applicable, any accumulated depreciation.

All assets are depreciated on a diminishing value basis over their useful lives to the Association.

Depreciation

The depreciable amount of all fixed assets is depreciated on a straight-line basis over their useful lives to the Association commencing from the time the asset is held ready for use.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are included in the income statement. When revalued assets are sold, amounts included in the revaluation reserve relating to that asset are transferred to retained profits.

c. Revenue

Revenue is recognised when invoices are raised.

Interest revenue is recognised when received.

Distribution revenue is recognised when the right to receive a distribution has been established.

All revenue is stated net of the amount of goods and services tax (GST).

d. Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Tax Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of the expense.

Receivables and payables in the Balance Sheet are shown inclusive of GST.

e. Leased Assets

Lease payments are charged as expenses in the period in which they are incurred.

f. Inventories

Inventories are measured at the lower of cost and net realisable value. Costs are assigned on an average cost basis.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2009

g. **Ongoing Operations**

As disclosed in the financial statements, the association has recognised unearned income of \$541,320 as at 31 December 2009. Included in this balance are Government grants for \$340,000 paid to the association during the 2009 financial year, however relating to services to be provided during the 2010 financial year. These amounts represent the final payments by the Government under a three year funding agreement. The association is currently applying for the next round of Government funding which opened on 2 April 2010. The association is economically dependent on the Government for funding its ongoing operations. Historically, the Government has paid the annual grant amounts in November or December of the year prior to which it relates. The outcome of the application process, including the amounts of the grants and timing of payments will not be known by the association until October 2010. This factor indicates uncertainty whether the association will continue as going concerns and therefore whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report.

The Board of Management believe after consideration of the above matter, there are reasonable grounds to believe that the association will be able to pay its debts as and when they become due and payable and are going concerns because of the following factors:

The association has commenced the application process for the new round of Government funding; The Board of Management is not aware of any Government withdrawal or reduction of funding of elite sporting organisations in Queensland; The association has not breached any terms of Government funding agreements in previous financial years and has lodged appropriate grant acquittal documents; and The association is one of the leading elite sporting organisations in Queensland which is recognised by Government.

Accordingly, the Board of Management believe that the association will obtain sufficient funding to enable it to continue as going concerns and that it is appropriate to adopt that basis of accounting in the preparation of the financial report.

The financial report has been prepared on an accruals basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities.

12 Events After the Balance Sheet Date

Effective 1 January 2010, the Board of Management of the association entered into an agreement with Activebods Holdings Pty Ltd to acquire the syllabus, related program materials, graphics, equipment and intellectual property of Activebods from its wholly-owned controlled entity, Activebods Holdings Pty Ltd. Consideration for the purchase was by way of set off of the intercompany loan disclosed in Note 4.

The association intends to use the Activebods program as part of delivery of gymnastics programs throughout Queensland. In future financial years, the acquired Activebods assets will be depreciated / amortised over their useful lives.

QUEENSLAND GYMNASTIC ASSOCIATION INC.
INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
QUEENSLAND GYMNASTIC ASSOCIATION INC.

Report on the Financial Report

We have audited the accompanying financial report, being a special purpose financial report, of Queensland Gymnastic Association Inc. (the Association), which comprises the balance sheet as at 31 December 2009, and the income statement, statement of recognised income and expense, cash flow statement, a summary of significant accounting policies, other explanatory notes and the statement by the board of management.

Board of Management's Responsibility for the Financial Report

The board of management of the Association is responsible for the preparation and fair presentation of the financial report and has determined that the accounting policies described in Note 1 to the financial statements, which form part of the financial report, are consistent with the financial reporting requirements of the Associations Incorporation Act (Qld) 1981 and are appropriate to meet the needs of the members. The board's responsibilities also include designing, implementing and maintaining internal control relevant to the preparation and fair presentation of the financial report that is that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. No opinion is expressed as to whether the accounting policies used, as described in Note 1, are appropriate to meet the needs of the members. We conducted our audit in accordance with Australian Auditing Standards. These Auditing Standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgment, including the assessment of risks of material misstatement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the board, as well as evaluating the overall presentation of the financial report.

The financial report has been prepared for distribution to members for the purpose of fulfilling the board's financial reporting under the Associations Incorporation Act (Qld) 1981. We disclaim any assumption of responsibility for any reliance on this report or on the financial report to which it relates to any person other than the members, or for any purpose other than that for which it was prepared.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of Australian professional ethical pronouncements.

Auditor's Opinion

In our opinion, the financial report of Queensland Gymnastic Association Inc. presents fairly, in all material respects, the financial position of Queensland Gymnastic Association Inc. as of 31 December 2009 and of its financial performance for the year then ended in accordance with the accounting policies described in Note 1 to the financial statements.

QUEENSLAND GYMNASTIC ASSOCIATION INC.
INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF
QUEENSLAND GYMNASTIC ASSOCIATION INC.

Significant Uncertainty Regarding Going Concern

Without qualification to the opinion expressed above, we draw attention to Note 1(g) of the financial statements which indicates that the association is economically dependent on receipt of approximately \$300,000 in Government Funding in December 2010 relating to program funding for the 2011 financial year. This condition, along with the other matters disclosed in note 1 (g) indicate the existence of a significant uncertainty which may cast significant doubt about the association's ability to continue as a going concern and, therefore, whether it will realise its assets and extinguish its liabilities in the normal course of business and at the amounts stated in the financial report
